Looking for an internship in computer science to put my skills into practice

TECHNICAL SKILLS

Languages: Java (OOP, inheritance, collections), Python, C, JavaScript

Web: HTML, CSS, React

Databases: PostgreSQL (ER modeling, logical schema, SQL, joins)

Systems: UNIX / Shell (files, processes), Excel / LibreOffice Calc

EDUCATION

Computer Science Degree (Licence) — Université d'Artois, Faculté des Sciences Jean Perrin, Lens (09/2024 – present)

- UNIX: shell scripting, file and process management
- Object-Oriented Programming (Java): class hierarchies, inheritance, abstract classes, typed collections
- Databases (PostgreSQL): ER modeling, logical schema, SQL
- Web Programming (HTML/CSS, JavaScript, React)
- Algorithms and data structures (Python, C)

CLES English Certification B2 (Certification of Language Skills in Higher Education) — Université d'Artois, 02/2025

PROJECTS

Sokoban — simple classic game

- Implemented the game engine in Java (OOP): level management, movement, collision detection
- Object-oriented programming: code organized into specialized classes with clear responsibilities
- Structured code into reusable classes/hierarchies

Memory Game — functional memory game with pair-matching logic

- MVC architecture: clear separation between the model (game logic), the view (graphical interface), and the actions (controller)
- Graphical interfaces in Java (Swing): built an interactive UI with panels, clickable cards, and graphic rendering
- Event handling: implemented listeners (card clicks) and dedicated user actions (new game, restart, quit, about)
- Structured and packaged a Java project: multi-file compilation and executable .jar generation

PROFESSIONAL EXPERIENCE

Multi-skilled Team Member — Carrefour City, Faches-Thumesnil (04/2023 – present)

- Checkout, stock replenishment, and invoice control
- Parcel reception and inventory (pickup point), expiry date (DLC/DLUO) checks
- Training new hires and managing store merchandise orders
- Bakery section: preparation, baking, and shelf stocking

Delivery Rider — Just Eat France (05/2021 – 01/2023)

- Autonomous order delivery, route management, and deadline compliance
- Team Captain (03/2022–01/2023): onboarding and training new recruits, primary point of reference in the field
- In-house workshop trainer for bike repairs and maintenance

LANGUAGES & DRIVING LICENSE

English: C1 (comprehension, written and spoken expression)

Italian: B2 written and spoken comprehension, written expression (B1), spoken (B2)

Spanish: B2 written and spoken comprehension, written expression (A2), spoken (B1)

Driving license: B
